THE ELECTION IN LOUISIANA.

Opinion of One of New Orleans' Wealthy Citizens on the Subject—How the President Will Spend His Summer—Other interesting items picked up at Washington.

WASHINGTON, July 17.—In view of the narrow margin by which the Republicans hold the coming congress, the contest in the territories have an added interest. The same is true of the election of a successor to the late congressman of the Third Louisiana district. As the Republicans made no determined fight Mr. Gay had a walkover last fall and a large majority. Mr. P. E. Herwig, of New Orleans, chairman of the Louisiana Republican state committee, and the wealthiest man in Louisiana, who was in Washington yesterday, said to a reporter:

"We propose to elect a Republican successor to Mr. Gay. When Governor Kellogg ran against him in 1881 each side polled about 16,000. Mr. Kellogg was elected, but by throwing out Acadia, which gave 400 Republican majority, and casting out other Republican votes, Gay was given a nominal majority. The governor has not yet called the election, but it will probably be early in September before the cotton picking and cane crushing begin. The Republican committee will meet at Donaldsonville on the 20th of July, and the nominating convention about the 24th. Probably ex-Congressman Darrell, who has already served five terms, will be nominated. The Democratic candidates are Don Caffrey, McCall, Avery and Foster. The two require to Republican success are to get out the voters and to get their votes counted. That we propose to do."

Personal Paragraphs.

WASHINGTON, July 17.—Gen. Schofield left the city last night for New York, where he will attend a meeting of the board of fortifications and ordnance, of which he is a member.

Treasurer Huston left Washington yesterday afternoon for his home in Indiana. He will return in about a week.

Secretary Windom returned to Washington from Deer Park yesterday.

Capt. Ramsdell, the marshal of the District, left yesterday to visit his home in Indianapolis.

Ex-Senator J. B. Henderson, of Missouri, who has just returned from a trip to Europe, is in the city. He will leave Washington for his home in St. Louis to-night.

Senator Sabin's Private Affairs.

WASHINGTON, July 17.—Ex-Senator Dwight M. Sabin, who has been in New York and Boston attending to personal business, arrived in Washington Monday. He left yesterday morning for his home at Stillwater, Minn., with his two adopted daughters, the two little Chambers girls, who have been at school here. They will remain at Senator Sabin's home until the fall, when he will again place them in some eastern school. Senator Sabin has arranged for the removal of Mrs. Sabin from the asylum at Flushing, where she is now confined. She will be taken to the mountains of northern Maine, where she will remain with some family friends for some time.

The President's Summer.

WASHINGTON, July 17.—The president will arrive in Washington from Deer Park to-day. Private Secretary Halford, who left Deer Park yesterday, said that the president had no definite plans concerning his future movements. He is to decide at Deer Park how the rest of the summer will be spent. Whether cabinet meetings are to be held in this city or at Deer Park is a question yet to be determined but it is probable that the president will spend the greater part of the summer at the latter place, and he may have the rest of his official family with him. Mr. Halford brought no commissions or other papers from Deer Park.

Judge Tyner Unchanged.

WASHINGTON, July 17.—There is no material change in the condition of Judge Tyner to-day. He is kept as quiet as possible and no visitors are allowed to see him. His physicians have recommended his removal from the city, and this will be done as soon as his condition will permit.

Civilian Expert Appointed.

WASHINGTON, July 17.—The secretary of war has appointed Leslie Perry, of Kansas, one of the two civilian experts on the board of rebellion records.

"JACK THE RIPPER."

Another Murder Added to the Long List in Whitechapel.

LONDON, July 17.—One more murder has been added to the long list credited to "Jack the Ripper" in Whitechapel. The body of a woman, evidently one of the disreputable frequenters of the district, was found in Castle alley last night, only a short distance from where the other murders were committed. The body was horribly mutilated, and bears undoubted evidence of the mark of the fiend, whose atrocities in Whitechapel have terrorized the whole district repeatedly.

The police are as far as ever from a clue to the identity of the murderer, and seem perfectly paralyzed. The excitement throughout Whitechapel, where the news of the discovery of a fresh victim of the mysterious "ripper" has spread with enlightening rapidity, is at fever heat.

LABOR READING.

The Executive Board of Knights of Labor Meet in Chicago—Other Dispatches.

CHICAGO, July 17.—General Master Workman T. V. Powderly arrived in the city yesterday morning early, in company with John Devlin, of Detroit; A. W. Wright, of Toronto, and L. B. Wood, of St. Louis, and registered at the Sherman house. The party engaged Parlor N, and immediately after talking to the representative of the labor paper the master workman sent word to the representatives of the daily papers, who were waiting to see him, that he was very busy, and regretted to say that he could not spare a moment.

About noon yesterday the executive board of the Knights of Labor went into executive session, which continued throughout the day and evening until a late hour. The first business of the board was the selection of the time and place of the next general assembly. It was decided that it should be held at Atlanta, Ga., on the second Tuesday of next November.

In an interview Mr. Powderly says the present meeting of the board is a quarterly meeting, called in Chicago, for the convenience of Northwestern assemblies to save them the time and expense of a journey to Philadelphia. The statement that this is an exceptional meeting, Mr. Powderly claims to be untrue, and says: "Every one knows we meet wherever convenience suggests, and as a matter of fact met here in Chicago two years ago."

The board will continue in session several days.

Engineers Ask for an Advance.

PITTSBURG, Pa., July 17.—The engineers on the main line of the Pittsburgh and Western railway, have asked for an advance of seventy-five cents per day over the \$3, they now make. A telegram from Youngstown states upon reliable authority, that a refusal on the part of the company to grant the advance will result in a strike. As very few of the engineers on this road belong to the Brotherhood a strike would not affect the other roads.

Labor Troubles at Scranton, Pa.

SCRANTON, Pa., July 17.—Fifty employees in the boiler works of the Dickson Manufacturing company, struck yesterday against a reduction of 10 per cent. in their wages.

The moter men and conductors of the suburban railway lines also struck on account of a reduction of fifteen cents per day in their pay.

Nail Mills Shut Down.

READING, Pa., July 17.—The nailers of the Brooke Iron company, at Birdsboro, have voted not to accept the reduction proposed by the company two weeks ago. The nail mill and sheet mill belonging to the company are both shut down.

HARRIS' N'S VACATION.

How the President Will Spend the Summer.

DEER PARK, Md., July 17.—The president will leave to-day at 10:19 a. m. for Washington. He will return on Saturday.

The president was out on the lawn before breakfast and during his stroll about the grounds discovered several four-leaved clovers which he regards a lucky find.

Secretary Windom went back to Washington yesterday morning, the president accompanying him to the station. Before leaving he had a long conversation with the president, after which the secretary said a number of Federal appointments in the treasury had been practically agreed upon, but they won't be announced before the president returns to the White House.

On the train for which Secretary Windom was waiting, were a number of religious excursionists who, recognizing the president upon the platform greeted him with a series of Salvation Army hymns. In the afternoon the president, accompanied by Mrs. Harrison and Mrs. Elkins, drove to Eagle Rock, where a magnificent view of four states is afforded.

In referring to the Blaine resignation the president said that the attempt to create a sensation was necessarily a failure, because there was not the slightest foundation for the report.

Constitutional Convention Proceedings.

OLYMPIA, Wash., July 17.—There was a lengthy report from the judiciary committee, recommending a supreme court and three judges and the state to be divided up into twelve judicial districts, with superior courts system, similar to the California courts, to be in session on every legal day. The committee on preamble and bill of rights were in meeting at afternoon, are ready to report in favor of the brief preamble on record, and a constitution in which the name of God shall not appear. Their bill of rights is similar to that of the Sioux Falls convention.

Oklahoma Election Postponed.

OKLAHOMA CITY, I. T., July 17.—The charter election called for yesterday was suppressed by the military. No attempt was made to hold an election, as it was seen that trouble would ensue, and the matter was therefore postponed. The opposition to the present city government is increasing, and it is predicted that it will not be long before there is a sudden change.

Democratic State Ticket in Mississippi.

NEW ORLEANS, July 17.—The Times-Democrat Jackson, Miss., special says: Ex-Governor John M. Stone was nominated on the first ballot for governor by the state Democratic convention yesterday. The convention was called to order by Chairman Kyle, of the state committee. About 1,000 delegates were represented, and there were no contests. Hon. M. M. Evans, of Dickson county, was nominated for lieutenant governor.

The Supply of Wheat

A Short Crop Reported From the Old World,

AS WELL AS OUR OWN COUNTRY.

Telegraphic Reports From All Quarters Go to Show This to Be True—Dakota Supplements the Shortage to the Extent of Thirty Million Bushels.

NEW YORK, July 16.—A special cablegram to The New York Times from London says:

Monday's weekly report from Bombay by cable settles the fact that the Indian wheat crop is going to be no factor at all in the question of the world's food supply this year, and there is a sudden and anxious effort now being made to get at the facts upon which to base an estimate of what the world's crop will really be like.

I spent yesterday with a number of the best informed English specialists and discovered that they believe that the situation a few months hence is going to be fully as bad as it was last year. One or two say they expect it to be worse. Of course, the state of European crops is still susceptible of certain fluctuations and cannot be accurately mapped out until the annual seed fair at Vienna which, owing to the general anxiety this year, has been advanced in date to Aug. 24, but while climatic tendencies may injure good crops, they will be able to do little to improve these already doomed, and the condition in October is more likely to be worse than better.

The demand for wheat in the big purchasing countries of Europe bids fair to be smaller than usual. England and France both promise harvests considerably better than last year. As the fields and stacks now stand, the yield of these two countries is expected to be 40,000,000 bushels in excess of that of last year. Spain also will be above the average, and Italy only a trifle under.

Germany, east of the tenth parallel, is almost as good—perhaps the present weather will make her quite as good—as last year. But the favorable picture abruptly stops. Indeed this tenth parallel may be taken as fairly dividing the good from the bad. East of that line wheat crops have gone all to pieces. Two great exporting countries, Russia and Austria-Hungary, will this year find it difficult to feed themselves.

Russia, which had big harvests the last two years, and forced the market to get rid of all its grain in order to float loans, the last of which was concluded the other day, now confronts a rather serious situation. Her big granaries, like those at Odessa, have never before been so empty of wheat, and the present crop in many large districts is a complete failure. There is a mass of confirmatory evidence of this from private sources, but the most conclusive is the fact that the official bureau, which last year for the first time sent out lots of encouraging bulletins, this year gives no sign of its existence. The long drought and then the cyclonic storms, which destroyed the wheat and oats prospects in Russia, have done the same for wheat, rye and barley in Austria-Hungary, Roumania and eastern Germany.

In short, though crops of the tenth parallel are quite definitely better than in 1888, this is more than balanced by the failure in the far more important grain fields east of that line. England, France and Italy must always buy so much grain that the question exactly how much they need is not specially important, but the failure of big exporting countries is serious, considering the collapse of India and the very delicate crops of Australasia.

It is now estimated here by experts that the eastern hemisphere as a whole is worse off than it was a year ago at this time. There is, therefore, almost fearful interest in what the American crop will be like. The shortage over here will be so great that the market will be more at the mercy of the United States than ever before and the next report from the Washington bureau is eagerly watched for as an indication of how severe a squeeze may be expected. During the last few days Russian wheat has been going up here, and a panic is only prevented by the fact that everybody in America seems so confident.

Dakota Said to Be Short.

CHICAGO, July 16.—A special to The Inter Ocean from Grafton, Dak., says: The wheat crop of Dakota is 30,000,000 bushels short. The figures are large, but not in the least exaggerated. The total production for the territory cannot, under the best possible conditions from now until harvest, which will begin in the north by the 25th, exceed 20,000,000 bushels, and to put it that high is a liberal estimate. The greatest detriment to a successful crop this year has been the exceedingly dry season, and only along the streams will there be any crops at all.

In the spring the most terrible winds raved in this entire territory and for weeks after the crop was sown the air was filled with the flying particles of the soil that should have been furnishing nutriment to the seed that was lying exposed and burning on the surface. Hundreds of acres were sown for the second time and it would have been a very good thing for the country if the entire crop had been put in again when the winds were still. The grain was for the greater part injured so that no amount of nursing would bring it back, and it is altogether likely that outside of the valley of the Red river, all the grain grown will not fill 300 cars.

The best crops, and in fact the only fair yield, will be in the counties of Pembina, Walsh, Grand Forks, a small portion of Trafton, the center of Cass and northwestern Richland. Elsewhere the

ground is as bare and almost as brown as though a prairie fire had crossed it. In Nelson county, famously prolific, wheat will not yield as much grain as was seeded. Ramsey is bare, except in the immediate vicinity of Devil's lake and in the famous Turtle mountain region, the rich soil of which has hitherto been regarded as draught proof, the earth succumbed, and there will be but little wheat for export in that section.

Along the main line of the Northern Pacific, in the once famous Bonanza farm district, the elevators are closing up and the country tributary to Bismarck is as barren as a sand hill. The Jim River valley will barely feed its people and, in short, nowhere in Dakota will there be any wheat for export save along the main line of the Manitoba road, from a point thirty miles north of Fargo, the boundary. The cry of famine that was raised last winter in the western part of Walsh county, will find its echo all over the territory the coming winter.

Aside from this impoverishing of the people by the failure of the wheat there is another danger which will be felt almost as severely, and that is the want of fodder for the stock. The oat crop is bad, and the meadows away from the river bottoms are as parched as the prairie. Not alone will this territory be the sufferer, but a trip through Montana reveals the same state of affairs. The range cattle will not find enough to live on until cold weather, and a prominent railroad official told a correspondent that all the extra cars of the Northern Pacific and Manitoba roads had been ordered to Montana to pull out the steers as soon as the lack of feed necessitated a reduction in numbers of the range stock.

COWARDLY ASSASSINATION.

A Man Shot Down While Sitting in His Own Home.

KNOXVILLE, Tenn., July 17.—A dastardly murder was committed at Strawberry Plains, Jefferson county, fifteen miles from here, last night. This place has long been the rendezvous of a band of thieving negroes. Some time since two of the band, Amos Moulton and Bill Thompson, were arrested for petty thieving, and James Stephens, the overseer of John G. Meeks, a wealthy farmer, appeared against them as principal witness in the preliminary trial. Circuit court convenes in two weeks and the final trial of the negroes was set for that time.

Last night at 8:30 o'clock Stephens was sitting at home with his wife and child, when suddenly the report of a gun was heard, and he fell dead, with a hole in the back of his head as big as a man's fist. Investigation developed the fact that the assassin had fired the shot through a window. Mrs. Stephens was slightly wounded in the knee. The gun was loaded with buckshot, slugs and nails, and the discharge was so fierce that the ramrod was half imbedded in the floor. It is thought that the shot was fired by Bill Jackson, a desperate negro and member of the gang.

The wildest excitement prevails, and Jackson is being hunted. If caught Judge Lynch will dispose of his case. There is a settled determination on the part of the whites to break up the negro gang and drive it from the country, and more trouble and bloodshed are feared. A number of the negroes have been spotted. They have armed themselves, and an armed neutrality prevails.

Fatally Wounded But Killed His Man.

TOPEKA, Kan., July 17.—The government officers in this city received information Monday of the killing of Robert Dalton and a United States marshal, in Oklahoma. Dalton was a notorious desperado. West drew a revolver and shot Dalton fatally, but before he expired the latter shot West, killing him instantly. The fatal affray occurred near the Arkansas river and within a short distance of the border of the Osage Indian reservation.

Making but Little Progress.

SIOUX FALLS, S. Dak., July 17.—No business of special interest was transacted at yesterday's session of the constitutional convention. On roll call of the standing committees only two reports were made. The legislative and administration committee and the committee on amendment and revision of the constitution reported no changes were necessary in the respective articles under their consideration. The reports were made a special order for to-morrow.

National Fish Commissioner Dead.

INDIANAPOLIS, July 17.—News has been received here of the death of Charles H. Bollman, of the National Fish commission, in the swamps of southern Georgia, where he was engaged in scientific work for the government. He was a recent graduate of the Indiana state university, and had required a National reputation as a naturalist.

Yellow Fever on Shipboard.

QUEBEC, July 17.—The ship The Premier, from Stantor, which is supposed to have yellow fever among its crew, has arrived at Saguenay. The captain is dead, and two of the sailors are down with the disease. She is consigned to Brice Brothers & Company, to load deals, but will be sent to Grosse Isle to undergo quarantine.

Fire in a Print Shop.

CHICAGO, July 17.—Fire in the second story of the building at 23 and 25 Michigan avenue, in the rooms of the Vindicator book and job printing office early this morning caused a loss of about \$4,000. The Chicago Coffee company's warehouse, next door, however, was flooded with water, and the result was about \$20,000 damage.

ATLANTA, Ga., July 17.—W. J. Petat, a detective, while walking with Mrs. Wilmat last night, was shot dead by the woman's husband, who had been watching them.

Democratic Ticket.

STATE-ELECTION AUGUST 5, 1889.

FOR TREASURER,
H. G. SHARP, Fayette County.
LEGISLATIVE-ELECTION, AUGUST 5, 1889.
FOR SENATOR,
CHARLES B. POYNTEZ, Mason County.
FOR REPRESENTATIVE,
DR. JOHN M. FRAZEE,
COUNTY-ELECTION, AUGUST, 1889.
FOR COUNTY JUDGE-THOMAS R. PHISTER.
FOR COUNTY CLERK-T. M. PEARCE.
FOR COUNTY ATTORNEY-C. D. NEWELL.
FOR SHERIFF-JOHN W. ALEXANDER.
Supt. of Schools-G. W. BLATTERMAN.
FOR JAILER-ROBT. C. KIRK.
FOR ASSESSOR-JOHN C. EVERETT.
FOR CORONER-M. T. COCKRELL.

It will be observed that Collector Goodloe hasn't given any of that "pie" to the colored voters of Mason County. However, they have the consolation of knowing that two of their brethren up in Central Kentucky are in the enjoyment of some of the "spills."

It begins to look like those English free-traders are determined to keep control of the boasted "home market" of this country. The Covington Commonwealth says: "Salt, beer, flour and almost every other important product have been brought more or less under the control of trusts, founded mainly on English capital."

Mr. Mason, the Commissioner of Internal Revenue, has expressed his intention of taking a hand in the assignment of Storekeepers and Gaugers, and says he will not only transfer them from one district to another, but will send them from one State to another if he sees fit. This will not have any tendency to lessen the number of applicants at all.

GOVERNOR BUCKNER recently refused to place a copy of the present State Constitution among the American exhibits at the Paris Exposition because it appears from the document that slavery still exists in Kentucky. This slavery clause should be gotten rid of, and about the only way to bring this about is to get a new constitution. Vote in favor of the constitutional convention the 5th of August.

KENTUCKY Republicans don't seem to be very anxious to join battle with the Democratic hosts this year. Much difficulty was experienced in inducing some one to oppose Sharp for State Treasurer, but they finally prevailed on 27-year-old Mr. Colson to accept the honor. They are faring as badly in many of the Legislative districts. Their nominees for Representative and Senator in the Catlettsburg district have declined to make the race. Like reports come from other sections. It is to be regretted that they have such trouble to get some one to stand up before the Democratic nominees. We always like to see a lively contest, but this is impossible unless the other side shows some fight.

If a slight effort was made and a little aid extended, a furniture factory giving employment to one hundred hands could be brought to Maysville. Goods manufactured by this concern are sold in the furniture stores of this city and have been for years. The proprietors of the factory have expressed a willingness, we understand, to remove to Maysville, provided they are given the use of an acre of ground and two buildings as long as they remain and operate the establishment. In these days, it is difficult to secure an industrial enterprise unless some bonus is given as an inducement, and certainly the proposition is a liberal one. The benefits that would result to our city by the location in our midst of a concern giving employment to one hundred hands would more than offset in one year's time the cost of the ground and buildings asked for. Let a concern of that description be removed here and it would give Maysville a big "boom". Houses would be needed for the employees, and these homes would have to be erected. There are but few vacant houses in town. Our lumber mills would enjoy an increased business. Carpenters, bricklayers, plasterers, and in fact all classes of workmen would be kept busier than for years. Dry-goods dealers, grocers and clothing merchants would enjoy a healthy increase in their trade, and there would be an awakening and stir in business on every hand. Surely if the matter is viewed in the proper light there will be some united effort made on the part of our merchants and property owners to secure this factory. And it would undoubtedly lead to others, and great good would result to our city. The level tracts of land in the East End afford splendid locations for such enterprises, and we understand some of the owners of this land have expressed a willingness to donate the acre of ground asked for. If some of the wide-awake citizens of Maysville would interest themselves, the matter could soon be settled.

OUR NEIGHBORS.

CONCORD, LEWIS COUNTY.

J. M. Freeman was in the city last week. Dr. Campbell, of Maysville, was here Sunday. Tobacco crops are looking well in this section. Blackberries are on the market here at 8 and 10 cents a gallon. Dr. J. W. Cartmel, the dentist, was here Tuesday. He does good work. Miss Maggie Hinton, of Fleming County, is visiting her cousin, Miss Maude Burns. Harvesting is about over and some of the farmers have shipped their wheat to market. Mrs. E. J. Fitch is in Fleming visiting her daughter, Mrs. Ware, and her young grandson. "Buckskin Jim" gave a performance here Monday evening. He is an expert at shooting, and gave a good show generally. The "civil service" postal clerks on the C. and O. R. R. are trying to make this place a first-class distributing office, putting mail off here for all parts of Lewis County and other offices. The prohibitionists held a meeting here a few days since and nominated J. F. May for State Senator and Luther B. Watson for Representative. Watson is one of the G. A. R. boys as well as Hillis—both members of the same post. How will the boys vote?

HELENA.

Mrs. Charles Miner, of Maysville, is visiting relatives here. Mr. Thomas Luttrell, from near Maysville, was here Tuesday. Wm. Cook, of Millwood, is traveling with John G. Fagg, the range man. Charles McCarthy, of Maysville, is the guest of the family of William Luttrell. Dr. W. H. Dent, of Cherry Fork, Ohio, was the guest of Dr. D. D. Peck Monday and Tuesday. Miss Risby Ross, after a few days' visit with relatives here, returned to Maysville Tuesday, accompanied by Mrs. Lizzie Goodwin. Master Arthur Hildreth left on the K. C. Tuesday to visit Master Robert Sherwood at Ewing a few days, then he will return to his home in Maysville. The funeral of little Charles David Runnians took place at the family residence Tuesday at 10:30 o'clock. Rev. Mr. Reeves, of Flemingsburg, conducted the service. The remains were carried to Mayslick and interred in the cemetery.

How the Grand Golden Drawing Occurred.

Everyone wants to hear the result of the grand extraordinary golden (the 229th monthly) drawing, which took place at New Orleans, La., of the Louisiana State Lottery on Tuesday, June 18, 1889. Here is a record of some of Fortune's vagaries, and any further information can be had on application to M. A. Dauphin, New Orleans, La. Ticket No. 61,605 drew the first capital prize of \$300,000. It was sold in fractional parts of fortieths at \$1 each sent to M. A. Dauphin, New Orleans, La.: one to Mrs. Catharine Callahan, 331 Federal street, Boston, Mass.; one to East Saginaw National Bank, East Saginaw, Mich.; one to Martha O. Wyman, Lynn, Mass.; one to Leonard M. Hersoy, Boston, Mass.; one to Lavenson & Gerson, Sacramento, Cal.; one to E. H. LaTour, Buffalo, N. Y.; one to C. F. Nestor, Lancaster, O.; one to Miss Annie Dawce, Strawn, Tex.; one to Canton Exchange Bank, Canton, Miss.; one to State National Bank, Memphis, Tenn.; one to J. F. Edwards, Atlanta, Ga., etc., etc. No. 62,311 drew the second capital prize of \$200,000, also sold in fractional fortieths at \$1 each: one to Mad J. P. Decomier, 52 N. 13th street, Philadelphia, Pa.; one to I. Kleiber, 1842 N. 10th street, Philadelphia, Pa.; one to R. G. Greene, Portland, Me.; one to H. Rosenberg, Galveston, Tex.; one to John Harneon, Boston, Mass.; one to E. Amundson, New York City; one to D. Hillman, Redding, Ala.; one to K. Wegner, Chicago, Ill.; one to M. S. Murphy, Merit, Tex.; one to John L. Riera, Jr., Lawrence P. O., La., etc. Ticket No. 44,624 drew the third prize of \$100,000, also sold in fractional fortieths at \$1 each: one to S. J. Klabner, Newark, N. J.; one to Frank E. Pierce, Boston, Mass.; one to G. H. Stephenson, Sacramento, Cal.; one to F. E. Luttry, New York City; one to Casagau & Vien, 3 East Third street, New York City; one to W. H. Brown, Minneapolis, Minn.; one to L. Fanatia, Shaw, Kas.; one to W. C. Fisher, Newark, N. J., etc. The next, the 231st grand monthly drawing, will take place Tuesday (always Tuesday) August 13, 1889. Do not let the date be forgotten.

Railway News.

The K. C. pay-car arrived last evening on its monthly trip.

Mr. H. E. Huntington and party came up over the C. & O. yesterday afternoon on a special and went out over the K. C.

The short name for the Cleveland, Cincinnati, Chicago & St. Louis consolidated lines is to be the Big Four, the title Bee-Line to be dropped, after having been used on the C., C., C. & I. thirty-eight years.

The thirty-nine engines wrecked in the Johnstown disaster have all been taken out of the mud. Some of them are damaged \$500, others \$1,000 and some fully \$3,000, yet the loss will not be so large as it was at first feared it would be.

There are few if any stations in this country where so many passenger trains arrive and depart as at Union Station, Indianapolis. At the Grand Central Station, New York, but 116 trains arrive and depart in twenty-four hours. At Indianapolis 134 trains arrive and depart every twenty-four hours. At the Fourteenth-street depot in Louisville 134 trains arrive and depart every twenty-four hours, but they are mostly suburban trains and not main-line trains.

The Railroad Gazette publishes a table of new railroad construction for the first half of 1889. The table shows 1,410 miles of new main-line track built in the first six months of this year in the United States against 2,980 in the corresponding period of last year. This is about the same ratio as was shown at the end of the first quarter. If this ratio is maintained throughout the year the total new mileage would be about 3,500 miles. The Southern States have built 45 per cent. of the total new construction of this year, the Southwestern States 24 per cent. The characteristic feature of the year's building is that it is in short lengths, by many companies.—Exchange.

Summoning a Lunatic as a Juror.
The editor of the Flemingsburg Democrat, who is also Town Marshal, tells this story on himself:

"The joke is on us and we will have the pleasure of telling it before any of our newspaper brethren get hold of it. Wednesday Mayor West requested us to summon a jury to try a writ of lunacy. We asked him the name of the party, and he replied that he understood Jos. H. Power to say it was a woman. After having summoned several jurors we met Jas. W. Turner on the street, alone, and walking about as usual. Knowing him to be a citizen of the county, and thinking him a competent juror, we told him he was wanted on a jury at the court house. His answer convinced us that he was not a competent juror, and we learned a minute later that he was the man whose case was to be investigated.

"A good joke is also told on David Regan, in connection with this case. The latter was a juror, and it is said that when Turner related that he had sent back his pension papers and refused to draw his \$8 per month, Regan nudged his neighbor juror and said: 'He's crazy; he's crazy as a bedbug.'"

A Black Beetle.

Will Beetle is wanted at Flemingsburg on a serious charge. The colored folks of that place were indulging in one of their favorite amusements—a "cake walk"—Saturday night. At a late hour—12 o'clock—Jim Lewis and Dick Lee got into an angry dispute over a bunch of kees. A special says Will Beetle joined in, and after a few words with Lewis pulled his pop and began firing, the first shot hitting Lewis in the breast and producing a painful though not dangerous wound. The second shot missed Lewis and hit Henry Ashby squarely between the eyes, the bullet ranging down and lodging at the back of his neck, producing a wound from which he will probably die. After the shooting Beetle skipped out for parts unknown, and had not been captured at last accounts.

Ashby is a prominent member of the colored Masonic Lodge, and his brethren are greatly excited over the affair.

The McDaniel Trial.

The trial of Henrietta McDaniel, charged with the murder of E. J. Cross the showman, was commenced in the Circuit Court this morning. The Commonwealth is represented by Messrs. James H. Sallee and Charles D. Newell, while Messrs. A. A. Wadsworth and Frank P. O'Donnell are the attorneys for defendant. Considerable trouble was experienced in obtaining a jury. Between twenty and thirty of those summoned were excused principally on the ground that they had formed or expressed an opinion, based on newspaper accounts of the killing.

The jury so far as selected is composed of the following: Josiah Wilson, George W. Jenkins, J. M. Sidwell, Jack Wheeler, Thos. Tolle, Richard Applegate, H. C. Smith and John Farley.

The work of empaneling the jury will be completed this afternoon.

ELDER ZACH SWEENEY, of Columbus, Ind., leaves this week to look after "Uncle Sam's" interests at Constantinople. He is a brother of Elder J. S. Sweeney, of Paris.

As a cure for grape blight and a prevention of the blight also, a correspondent of the Georgetown Times advises growers to scatter two or three pounds of copperas to the square rod under the vines.

The Lexington Leader of Monday says Mr. John Short, of Mason County, has been recommended by Collector Goodloe for Storekeeper. The BULLETIN's information is that the recommendation was revoked, but for what cause has not been learned.

MESSRS. D. FRANK FRAZEE and J. Wood Browning, ex-citizens of Mason, have been chosen directors of the local board of the American Building, Loan and Investment Company at Lexington. Mr. Frazee is Vice President of the board and Mr. Browning is attorney.

REPORTS from Kansas City state that W. M. Viser "is very much worried over the loss of his suit with Mr. Cecil, and thinks public sentiment is against him." If Viser would just come back to Maysville and spend a few days, he would be convinced that public sentiment is against him.

REV. HUGH EARLY, S. J., Vice President of Detroit College, who is conducting a retreat at the Academy of the Visitation, is a guest of Rev. Father Glorieux. The retreat began on the 10th and will close on the 18th. Rev. Father Barry, of Lexington is also the guest of Father Glorieux.

BRIDGE street is one of the most important thoroughfares of this city. The street and the pavement—the latter particularly—should be widened and improved, and the suggestion is made that now is the time to do the work while the street is torn up by the contractors who are laying a sewer.

THE Maysville fair—the "blue ribbon fair" of Kentucky—will attract larger crowds this year than ever before. The booth and other privileges will be sold next Saturday, and there promises to be a big demand for them. For full particulars as to time and place of sale see notice in another column.

JUDGING from the sad expression on the countenance of our worthy friend, Col. Samuel T. Hickman, his trip to Lexington was not very successful, as far as getting part of the "pie" is concerned. The recommendation and assistance of his bosom friend, Major-General Ferd Hechinger, did not have the desired effect.

MR. BEN MORGAN, who moved from this county to Montgomery some years ago, was in town this morning. His present home is near Flat Creek, Bath County. Two years or so ago, he and his partner were caught for about \$35,000 by the decline in tobacco, but he possesses pluck and energy, and says he will soon be on his feet once more.

DR. JOHN P. PHISTER and wife and Mrs. Sarah Belle Morrow have sold and conveyed to Ulysses G. Bailey an undivided half interest in thirteen acres, two roads and five poles of land on "Stony Hollow," a branch of Limestone Creek, for \$700 cash. In consideration of \$350 cash, Mr. Bailey has conveyed a one-quarter interest in same land to Paris Edgington.

THE examining trial of Wm. O'Brien, Jr., for maliciously shooting at another without wounding, came off yesterday afternoon before Mayor Pearce. The accused was held over to answer the charge in the Circuit Court, and was allowed bail in the sum of \$200. Mose Shepard and Dick Lewis, the two negroes who figured in the scrimmage, were fined \$5 each and costs.

Trying to Harmonize.

The Two Socialist Factions Should Be United.

TRYING TO EFFECT A FUSION.

Such is the Efforts of Mr. Henry M. Hyndman—His Prospects of Success Very Poor—Other Selections From the Dispatches Over the Atlantic Cable.

LONDON, July 17.—Mr. Henry M. Hyndman, the president of the Social Democratic Federation of England, is in Paris taking a prominent part in the deliberations of the Possibilist congress. He is hard at work trying to effect a fusion between the two factions who are holding separate Socialist congresses, but his prospects for success are by no means brilliant.

Notwithstanding the honeyed words with which the Frenchman, Lafargue, welcomed the German delegates in the Marxist congress, and his assurances that the French lion and the German lamb were all ready to lie down together, considerable friction has already developed between the German and the French Socialists now in Paris, and it is by no means as clear as M. Lafargue would have us believe, that all National prejudices have been left at home. The refusal of the Germans to take part in the deliberations of the Possibilists and their obstruction of the efforts of English and French Socialists, to bring about a fusion, occasions considerable feeling against them.

President Carnot of France attended the ball given at the Palais de L'Industrie last evening, to the Possibilist delegates, at which 30,000 workmen were present. Most of the delegates to the Marxist congress also attended, and to facilitate speech two translators were appointed. Many congratulatory telegrams and letters were read, several of the latter being dated in prisons in different parts of Europe.

A Big Syndicate.

BRUSSELS, July 17.—A conference composed of delegates from beet sugar manufacturing countries met here yesterday and founded a syndicate bank, with branches and agencies in every part of the world. The capital stock of the bank will be £3,036,000. The bank will not speculate. It will sell sugar on commission, and make loans to sugar manufacturers. The profits will be divided, and market news will be circulated among the members of the syndicate. The capital stock will shortly be issued concurrently in all the European centers.

Labor Disturbances.

LONDON, July 17.—Proprietors of the cotton mills in Augsburg have voluntarily reduced the hours of labor in their mills from twelve hours a day to eleven without a corresponding reduction in wages.

The compositors of Vienna are on a strike for more pay.

The miners of Kladno, in Bohemia, have decided to renew their strike, and have given notice to this effect to the mine owners.

Shooting Prizes.

LONDON, July 17.—The prizes given by the London corporation yesterday in the shooting contest at Wimbledon aggregated £157. The contest for these was restricted to Indian and Canadian teams. Ogg, of the Canadians, won the silver cup by a score of 32½ points, Wilson was second, with 317 points, and Mitchell third, with 316.

No Use for a Strike.

LONDON, July 17.—There are rumors of renewed dissatisfaction on the part of the sailors whose long strike gave the ship-owners so much trouble. It is stated that the Clyde ship-owners lost nearly a £250,000 through the last strike and they will not rashly court another.

Carrying Thing, Too Far.

LONDON, July 17.—Twenty-five government clerks have been dismissed from the service for participating in a Boulangist demonstration. It is reported that the sign "to let" has been removed from Gen. Boulanger's residence.

MORE ABOUT THE FIGHT.

Fitzpatrick Tells the Stakeholder to Turn the Money Over to Sullivan.

NEW ORLEANS, July 17.—Referee Fitzpatrick has telegraphed Stakeholder Crigge, at New York, to pay over the money to Sullivan.

Fitzpatrick, Duffy and others will go to Paris Thursday and give bail to appear in November for trial. Mr. Fitzpatrick says Governor Lowry treated him very pleasantly in his interview, but expressed his intention of making a thorough test of the law. Mr. Fitzpatrick advises all connected with the fight to surrender themselves to the authorities, as he did and avoid unnecessary trouble, as the governor will be sure to reach them anyway.

Kilrain in Baltimore.

BALTIMORE, July 17.—Jake Kilrain returned to Baltimore yesterday afternoon. He left New York at 11 a. m. and came directly home with Johnny Murphy, his faithful bottle holder. He is stopping at Beach's restaurant on North Howard street. The marshal of police says Kilrain will not be molested, as he has no request from Governor Lowry, or any other official, for Kilrain's apprehension.

Big Brewery Burned.

FT. WAYNE, Ind., July 17.—The French brewery, owned by C. L. Centlivere & Son, was totally destroyed by fire at 10 o'clock yesterday evening. The loss will reach \$150,000, with only \$20,000 insurance. The ammonia tank in the machine exploded, seriously injuring Alex. Devings and Charles Youkers.

Order of Annexation Recorded.

CHICAGO, July 17.—Judge Prendergast has entered on record the formal order of the annexation of Hyde Park, Lake, Lake View, Jefferson and a portion of Cicero, in accordance with the election of June 29.

BLOWN OUT TO SEA.

Accident to an Air Ship Feared to Have Resulted Fatally for the Operator.

NEW YORK, July 17.—An experimental trip was made yesterday by E. D. Hogan, an experienced aeronaut, in an airship invented by Peter C. Campbell. The balloon was filled with gas at Brooklyn, and when let loose worked perfectly, going against an eight mile breeze easily, ascending and descending easily, moving in circles and obeying the rudder.

It seemed a success until the propelling fan fell. The air ship was then helpless, and was blown out toward the ocean and has not been heard of since. Great fears are felt for the aeronaut. The trial would have been a success had it not been for the accident to the propeller, which was worked by an Edison motor.

It Makes You Hungry

"I have used Paine's Celery Compound and it has had a salutary effect. It invigorated the system and I feel like a new man. It improves the appetite and facilitates digestion." J. T. CORLAND, Primus, S. C.

Paine's Celery Compound

is a unique tonic and appetizer. Pleasant to the taste, quick in its action, and without any injurious effect. It gives that rugged health which makes everything taste good. It cures dyspepsia and kindred disorders. Physicians prescribe it. \$1.00. Six for \$5.00. Druggists.

WELLS, RICHARDSON & Co., Burlington, Vt.

Spring medicine means more now-a-days than it did ten years ago. The winter of 1888-89 has left the nerves all fagged out. The nerves must be strengthened, the blood purified, liver and bowels regulated. Paine's Celery Compound—the Spring medicine of to-day—does all this, as nothing else can. Prescribed by Physicians, Recommended by Druggists, Endorsed by Ministers, Guaranteed by the Manufacturers to be

The Best Spring Medicine.

"In the spring of 1887 I was all run down. I would get up in the morning with so tired a feeling, and was so weak that I could hardly get around. I bought a bottle of Paine's Celery Compound, and before I had taken it a week I felt very much better. I can cheerfully recommend it to all who need a building up and strengthening medicine." Mrs. B. A. Dew, Burlington, Vt.
